

Report for Week Ending 1 August 1956
from
FORMS MANAGEMENT BRANCH

Numbered Projects

4-85 - Information Report Study [REDACTED] - In a series of meetings with 25X1A9a
RC/RQM, FE, EE, WH and NEA/DD/P officials over the past several weeks
agreements have been reached to further expand the scope of usage of 25X1A6a
Forms 1a, 1a-1; 1b, and 1c to field stations in [REDACTED]. When
these forms are fully installed a substantial portion of both the Field
and Headquarters reports will be simultaneously typed in the field,
eliminating most retyping and reediting of these reports by Headquarters.
This will speed the information flow materially from these areas. Further
expansion to other stations is contemplated in the near future.

1. Proposed Revision "Biographical Data Form" Form No. 38-48a [REDACTED] -
A meeting has been scheduled with officials of the Office of Security to
straighten out any problems and make the changes necessary to expedite
this revision. This project has been somewhat drawn out and it is hoped that it
is now nearing completion. There are at present several other forms the
Office of Security is anticipating our action on and they have indicated
they would like them handled as a package deal.
